

Teaching *Healing Touch* to Seniors in the Woods

by Suzi Rhodes, HTCP, Healing Touch Instructor

*S*uzi Rhodes, Healing Touch Instructor offers classes to the sixteen thousand senior residents living in Laguna Woods Village, California, formerly Leisure World. *"I am amazed at the depth of knowledge that is present here in the Village. Often the students teach me. The average age is seventy-eight, and many doctors and nurses have chosen to retire here."*

One of Suzi's students, Yolanda Mendiviles, a massage therapist said *"Suzi's Healing Touch class was amazing, she made the healing technique easy to learn and I now have the ability to offer this healing modality."*

Another student in the class, Judy Ambrose, a licensed psychotherapist, brought with her knowledge of Reiki and wanted to know the differences between the two methods. The exchange of information was deeply satisfying to all. Judy says, *"I was surprised as I learned quite a bit that I was unaware of previously."*

Bertha Marcil, says *"I enjoyed Suzi's class and like to come*

to her for regular sessions." Bertha is pictured here ready to receive a *Mind Clearing* demonstration.
